

France Canada Research Fund (FCRF)

Alejandro MERATI, project manager, Ottawa: assistant.science@ambafrance-ca.org

EDITION 2024

Géraldine DANTELLE, scientific attachée, Vancouver: geraldine.dantelle@diplomatie.gouv.fr

Overview

- ✓ Created in 2000
- ✓ 400 collaborative research projects supported
- ✓ Program managed by France & Canada
- ✓ Governance:

France: Prof. Michèle Cottier, Faculty of Medicine, Université de Saint Étienne

Canada: Prof. Martine Lagacé, Department of Psychology, University of Ottawa

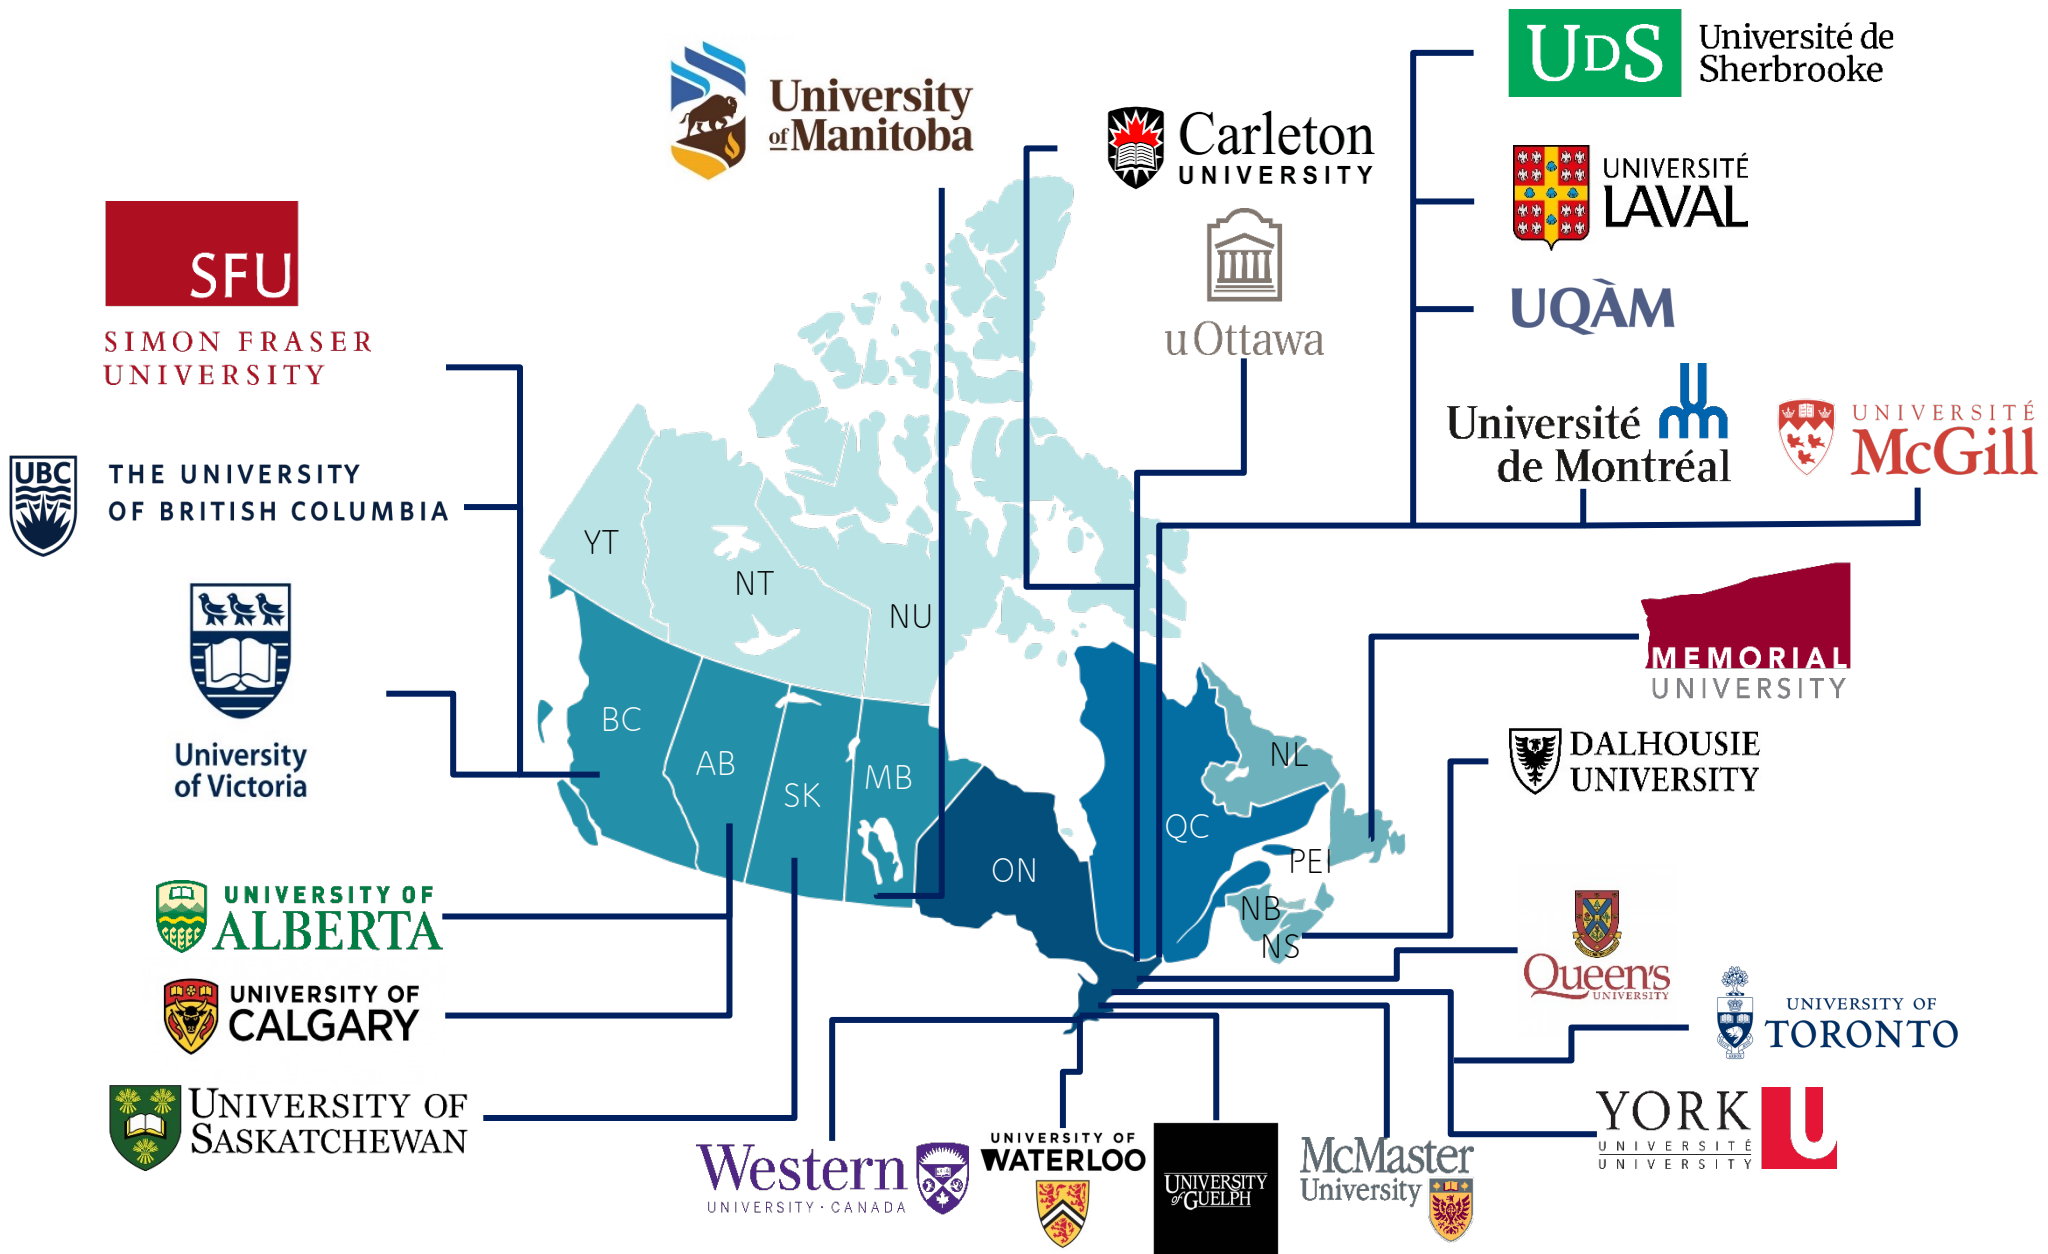

The program

- ✓ Funds up to 20 projects (\$8,000 – \$15,000 CAD) / year
- ✓ Covers mobility expenses - Funds available for 2 years
- ✓ Initiates new research projects between France & Canada
- ✓ Opens to all research fields & Promote Interdisciplinarity
- ✓ Trains young researchers

Call for Proposals & Eligibility

- ✓ Project led by 2 researchers from the 2 countries
- ✓ 2 PIs must have a tenure or tenure track position
- ✓ New collaboration between 2 researchers
- ✓ All public research institutions in [France](#) (University, Grande Ecole, Research Center and Research Institute)
- ✓ 23 universities members of FCRF in [Canada](#)

Research fields

- ✓ Open to all research fields
- ✓ Up to 8 funded projects related to priority themes
- ✓ To be specified on the application form

1. One Health: A multi-sector approach to achieving health equity
2. Climate change and adapting to extreme environments
